

EEPES 2024

International Conference on Electronics, Engineering Physics and Earth Science

Scopus®

Call for Papers

19-21 June 2024
Kavala, Greece & online

About

The conference is aimed at providing a vibrant platform for sharing ideas among researchers and practitioners from both industry and academia working on state-of-the-art research and development in all areas of physics and allied technology, such as Engineering Physics, Computer Science, Telecommunications, Electronics, Renewable Energy, Mathematics and Smart materials, etc. EEPES 2024 welcomes all high-quality research papers and presentations from related research fields. The conference will be in HYBRID mode – face to face and/or virtual.

Indexing and Publishing

All registered and presented papers on EEPES 2024 conference will be submitted for inclusion in the Conference Proceedings, indexing in:

Scopus, CPCI (part of Web of Science).

General Conference Chairs

Teodor ILIEV,
University of Ruse, Bulgaria

Ivaylo STOYANOV
University of Ruse, Bulgaria

Technical Programme Chair

Panagiotis KOGIAS
Democritus University of Thrace (D.U.Th.), Greece

Main Topics

- Telecommunication Systems
- Applied and Engineering Physics
- Renewable Energy and Green Technologies
- Distributed Ledger Technologies and Blockchain
- Electronics, Power Electronics and EMC
- Information Technologies and Artificial Intelligence
- Energy Efficiency and Applied Thermodynamics
- Optical and Electromagnetic Communication
- Mechatronics and Industrial Automation
- Automotive Engineering and E-vehicles
- Engineering Education and Engineering Management
- Special Session
